

## Free paper I

Moderator:

I.1	08:30-08:40	A Comparison of Anterolateral Thigh, Radial Forearm, and Peroneal Artery Flap Thickness in Asian Patients	林穎聖
I.2	08:40-08:50	Steal Phenomenon in Nerve Transfer: An Experimental Rat Study	呂炯毅
I.3	08:50-09:00	Alternations and Comparisons of Five Cytokines in Acute and Chronic Wounds	林岑紘
I.4	09:00-09:10	Platelet rich plasma enhance the angiogenesis of adipose-derived stem cells in ischemic hind limb model	陳嘉芳
I.6	09:10-09:20	A five-year experience of the poisonous snakebites in the eastern Taiwan	謝政昇

## Free paper II

Moderator:

II.1	13:30-13:40	Anterolateral Thigh Flap without Sizable Perforator	賴冠宏
II.2	13:40-13:50	Evaluation of Microsurgical Skills between Male and Female Medical Students Using a Standard Scale in the Laboratory Setting	林燦勳
II.3	13:50-14:00	Vessel Graft Interposition in Free Flap Reconstruction	陳彥璋
II.4	14:00-14:10	Anterolateral Thigh Flap Combined with Reconstruction Plate Versus Double Free Flaps for Composite Mandibular Reconstruction: A Propensity Score- Matched Study	周宣宇
II.5	14:10-14:20	The Preferred Treatment of Single Digit Fingertip Amputation: 352 International Microsurgeons' Decision	權秀河
II.6	14:20-14:30	The Preferred Reconstruction of a Two-Third Upper Lip Defect: 371 Microsurgeons' Decision	權秀河
II.7	14:30-14:40	Simultaneous reconstruction of the lower lip during functioning free muscle transplantation for smile reanimation in facial paralysis: objective and subjective evaluation comparing different surgical methods.	林琮凱
II.8	14:40-14:50	Facial lipodystrophy treated with free endoscopically-assisted harvest of Latissimus Dorsi muscle: Case report	黃重巖
II.9	14:50-15:00	Replantation and aesthetic restoration of a scalp avulsion injury: a case report.	謝松育
II.10	15:00-15:10	The Use of Intraoperative Microscope-integrated Near-Infrared Lymphography for Supermicrosurgical Lymphatico-Venous Anastomosis Patency Confirmation	楊家森
II.11	15:10-15:20	The perils of unrecognized subclavian artery stenosis and free flap failure in head and neck reconstruction	洪紹育

## Free paper III

Moderator:

III.1	16:00-16:10	Reconstruction of Blauth type III Hypoplastic Thumb in Children– Kaohsiung CGMH experiences	江原正
III.2	16:10-16:20	Reconstruction for non-replantable digit	林燦勳
III.3	16:20-16:30	Free hypothenar flap for volar digital defect reconstruction—A case report	林克謙
III.4	16:30-16:40	Comparison between Different Techniques of Central Slip Reconstruction for Correcting Extensor Lag in Vascularized Toe PIP Joint Transfers	李哲雄
III.5	16:40-16:50	Locked Thumb Metacarpophalangeal Joint Caused by Entrapment of Sesamoid Bone: Two Cases Report	蔡佳津
III.6	16:50-17:00	The circadian rhythm effect in digital replantation	徐詣

## Free paper IV

Moderator:

IV.1	08:30-08:40	Reperfusion Procedure for Critical Limb Ischemia in Diabetic Patients	李俊達
IV.2	08:40-08:50	Reconstruction of Diabetic Foot Defects with the Proximal Lateral Leg Perforator Flap	許宏達
IV.3	08:50-09:00	Classified Surgical Strategies for Tracheocutaneous Fistula Closure	高捷妮
IV.4	09:00-09:10	Pedicled latissimus dorsi myocutaneous flap for bronchopleural fistula	李昱恆
IV.5	09:10-09:20	Using Multi-site Lymphatico-Venous Anastomosis in Treating Secondary Lower Limb Lymphedema Complicated with Necrotizing Fasciitis – a Case Report	顏元豪
IV.6	09:20-09:30	Evaluation and characterization of the biodegradable polymer films for prevention of the postoperative adhesion	戴念梓

## Free paper V

Moderator:

V.1	10:00-10:10	Head and Neck Drain Game	陳加榮
V.2	10:10-10:20	Nasolabial flap reconstruction on nasal alar subunit: a new technique	張兆璋
V.3	10:20-10:30	Submandibular Sialolipoma: Report of a Rare Case of a Lesion Difficult of Differentiating from an Isolate Lipoma in the Clinic	王宏仁
V.4	10:30-10:40	Higher Mortality Rate in Cervicofacial Necrotizing Fasciitis and deep neck infection among Head and Neck Cancer patients	李哲雄
V.5	10:40-10:50	ICD-10 CM/PCS in plastic surgery	王健興
V.6	10:50-11:00	Dermatofibrosarcoma Protuberans in Children, Long-term Follow-up and Literature Review	蔡岳儒
V.7	11:00-11:10	Vascularised fibula osteocutaneous flap for mandibular/maxillary reconstruction of a patient with mandibular/maxillary ameloblastoma: Cases Report and Review of Literature	廖偉捷
V.8	11:10-11:20	An Enlarging Nasal Tumor Diagnosed as Rosai-Dorfman Disease: A Rare Case Report	蘇德暉
V.9	11:20-11:30	Myectomy and myotomy in situ for benign essential blepharospasm	賴昕隄
V.10	15:10-15:20	Old-age head and neck cancer patient treatment and reconstruction surgery strategy and outcome—case series study	賴東懋
V.11	11:40-11:50	Using fabricated costal cartilage to correct the secondary deformity of zygomatic prominence and arch for severe comminuted facial bone fracture patient – a case report and literature review	何建良
V.12	11:50-12:00	Facial bone fracture under 19 years of age in Taiwan	梁啓誠
